### Project Description

The proposed fund-100 million USD is allocated by AIIB for strengthening the public health emergency response and preparedness in Uzbekistan through upgrading national laboratories, developing surveillance systems, and building case management capacity to address the on-going COVID-19 pandemic as well as to enhance the country's resilience and preparedness to cope with future public health disasters.

### PROJECT OBJECTIVE

The project scope will consist of the following three interlinked components:

**Component 1.** Strengthening national laboratory system.

**Component 2.** Establishing national surveillance and response capacity.

**Component 3.** Building Case Management Capacity.

### ACCOUNTABILITY MECHANISM OF AIIB

In addition, the AIIB has a Bank Oversight Mechanism. According to AIIB's policies, "people who believe they have been or are likely to be adversely affected by a failure of the Bank to implement the ESP may also submit complaints to the Bank's oversight mechanism in accordance with the policies and procedures to be established by the Bank for such mechanism." However, at the time of writing, it is unclear what the exact scope and function of this Oversight Mechanism will be.
