The Fund was formed by Sinovation Ventures, which in addition to its venture capital fund operations has a separate operation, the AI Institute, with extensive in-house AI capabilities.

The project's objective is to foster the adoption of AI at investee companies across sectors in China and develop AI-use cases for the infrastructure sector".

Early Warning System Project Analysis

"AIIB's Environmental and Social Policy (ESP) is applicable to this project. The project has been placed in Category FI, because the financing structure involves the provision of funds through a financial
intermediary (the Fund), whereby AIIB delegates to the Fund Manager the decision-making on the use of AIIB's proceeds for further investing in accordance with the conditions in the Project's legal
documentation to be agreed with the Fund Manager in the form of eligibility criteria and investment guidelines, and applied through an Environmental, Social and Governance System (ESGS) which is to
be used as the Project's Environmental and Social Management System (ESMS)".
