### Project Description

According to AIIB website, the project aims to prevent, detect and respond to the threat posed by COVID-19 and strengthen national systems for public health preparedness in Indonesia (this is the same as the parent program). It seeks to support the costs of expanding activities of the Emergency Response to COVID-19 Program (parent program), under the COVID-19 Crisis Recovery Facility, as well as enable safe and effective deployment of COVID-19 vaccines. Following the parent program, the additional financing is to be co-financed with the World Bank (WB) and designed in accordance with the WB's Policy on Program for Results (PforR).

You can submit an information request for project information at: <https://www.aiib.org/en/contact/information-request/index.html>

### ACCOUNTABILITY MECHANISM OF AIIB

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides an opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIB's failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes. Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html>

The complaint submission form can be accessed in Arabic, Bahasa Indonesia, Bengali, Chinese, English, Tagalog, Hindi, Nepali, Russian, Turkish, or Urdu. The submission form can be found at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/submission/index.html>
