### Project Description

According to the Bank's website, the project's objective is to promote the development of smart, modern logistics facilities in China to enhance connectivity, improve efficiency and support sustainable growth.

AIIB will invest in GLP's 3rd China flagship logistics development fund (the "Fund" or "CLFIII") as an investor. The Fund's strategy is to develop, own, manage and operate a diversified portfolio of institutional-grade logistics facilities across China's Tier-1, Tier-1.5 and Tier-2 cities with a focus on the 58 cities clustered around the Yangtze River Delta, Greater Bay Area, Bohai Economic Region and Central China Region.

You can submit an information request for project information at: <https://www.aiib.org/en/contact/information-request/index.html>

## ACCOUNTABILITY MECHANISM OF AIIB

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides an opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIB's failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes. Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html>

The complaint submission form can be accessed in Arabic, Bahasa Indonesia, Bengali, Chinese, English, Tagalog, Hindi, Nepali, Russian, Turkish, or Urdu. The submission form can be found at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/submission/index.html>
