Quick Facts

Financial Institutions	Asian Infrastructure Investment Bank (AIIB)
Status	Proposed
Bank Risk Rating	FI
Borrower	A.P. Moller Capital
Sectors	Finance, Infrastructure, Transport

Project Description

According to the Bank's website, the objective of this project is to contribute to the expansion of renewable energy supply and domestic and regional connectivity with carbon-neutral commitment in Africa, South and Southeast Asia.

A.P. Moller Capital ("APMC") has launched a second fund, the A.P. Moller Capital - Emerging Markets Infrastructure Fund II ("EMIF II"), targeting USD 1.0 billion investment in transport and renewable energy sectors. APMC will continue the strategy of its first fund, the Africa Infrastructure Fund I ("AIF I"), by leveraging (i) its sector expertise within transport and energy infrastructure, and (ii) its strong regional and global relationships.

EMIF II targets a 50 percent capital allocation in Africa with the remaining 50 percent in South and Southeast Asia. The Project will be one of AIIB's first equity investments targeting Africa and port terminals, thereby bringing geographical and sector diversification benefits to AIIB's investment portfolio.

You can submit an information request for project information at: <https://www.aiib.org/en/contact/information-request/index.html>

ACCOUNTABILITY MECHANISM OF AIIB

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides an opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIB's failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes. Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html>

The complaint submission form can be accessed in Arabic, Bahasa Indonesia, Bengali, Chinese, English, Tagalog, Hindi, Nepali, Russian, Turkish, or Urdu. The submission form can be found at: <https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/submission/index.html>
