Turkiye: Turkiye Ronesans Project Manzara Sustainable Bond Investment

### **Project Description**

According to the AIIB, the project development objective is to support renewable energy in Turkiye by promoting sustainable capital market instruments.

The Project proposes to invest USD40 million into the sustainable bond issued by Ronesans Holding A.S. ("Ronesans", "RHOL" or the "Issuer"), which is a global project development, investment, and contractor group with a footprint mainly in Turkiye, Europe, Central Asia Countries, Middle East and North Africa. The proposed investment represents a tap issuance, or add-on investment, into the first sustainable bond issued by Ronesans in October 2024 (the "Project or the "Bond"). Ronesans published its Sustainable Finance Framework (SFF) in 2024, in alignment with the International Capital Market Association's (ICMA) Green Bond Principles and Social Bond Principles; a second party opinion (SPO) was provided by ISS. The original issuance totaled USD350 million, with participation from international financial institutions including IFC, EBRD, and DEG, and the remaining from banks, asset managers and funds.

The proceeds of the Bond will be allocated to finance new and existing projects that are qualified under the Eligible Green Categories and Eligible Social Categories, as defined in the Issuer's SFF. The Eligible Green Categories include: i) renewable energy, ii) energy efficiency, iii) green buildings, iv) clean transportation, v) climate change adaptation and vi) sustainable water and wastewater management. Whereas the Eligible Social Categories include: i) access to essential services (healthcare), ii) access to essential services (education, emergency/disaster relief), iii) affordable housing and iv) socioeconomic advancement and empowerment. The Bond issuance will help accelerate Ronesans' investment and expansion under the sustainable framework, contributing to its long-term strategic growth. AllB's investment will support renewable energy, specifically YEKA wind power projects (WPPs), in Turkiye, as an eligible Green Category under the SFF.

#### **ACCESS TO INFORMATION**

You can submit an information request for project information at: https://www.aiib.org/en/contact/information-request/index.html

#### **ACCOUNTABILITY MECHANISM OF AIIB**

The AIIB has established the Accountability Mechanism for Project-Affected People (PPM). The PPM provides Òan opportunity for an independent and impartial review of submissions from Project-affected people who believe they have been or are likely to be adversely affected by AIIBÕs failure to implement the ESP in situations when their concerns cannot be addressed satisfactorily through Project level GRMs or AIIB Management processes.Ó Two or more project-affected people can file a complaint. Under the current AIIB policy, when the bank co-finances a project with another development bank, it may apply the other bank's standards. You can refer to the Project Summary Information document to find out which standards apply. You can learn more about the PPM and how to file a complaint at: https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/how-we-assist-you/index.html

The complaint submission form can be accessed in Arabic, Bahasa Indonesia, Bengali, Chinese, English, Tagalog, Hindi, Nepali, Russian, Turkish, or Urdu. The submission form can be found at: https://www.aiib.org/en/about-aiib/who-we-are/project-affected-peoples-mechanism/submission/index.html
