Project Description

According to bank's website, the proposed project aims to support sustainable infrastructure investment across Africa that enhances connectivity with Asia and/or mitigates the effects of climate change, and to mobilize additional private and institutional capital for African infrastructure through an equity investment in the Africa50 Infrastructure Acceleration Fund I LP (IAF or the "Fund"). The Project is a commitment to the Fund, a pan-African infrastructure private equity fund managed by Africa50 Infrastructure Partners I Manager Ltd (the "Fund Manager"). The Fund invests in infrastructure opportunities across Africa with the objective of addressing infrastructure financing gaps across African markets while generating commercial risk-adjusted returns. The Fund, in turn, is sponsored by Africa50, a sovereign-backed infrastructure investment platform established in July 2015 by 20 founding African economies alongside the African Development Bank (AfDB). Its investor base has since expanded to 38 total shareholders, comprising 33 African economies, the AfDB, South Africa's Public Investment Corporation (PIC), and two central banks: the Central Bank of West African States, Bank Al-Maghrib (the central bank of Morocco), and most recently, African Reinsurance Corporation.
