---

## **Project Description**

According to the CDB, the project will reduce flood risk in Bridgetown, Barbados.

The infrastructure works will comprise: (a) The installation of rock armouring and dredging of approximately 450 metres of the main drainage channel of the Constitution River; (b) Upgrading of the main drains connecting to the Constitution River and construction of a maintenance access ramp; and (c) Landscape works of the perimeter area.

The technical assistance will comprise: (a) Capacity Building of the Drainage Division; (b) Preparation of a Constitution River Maintenance Plan; and (c) The conduct of Climate Vulnerability Assessment on the Constitution River Catchment.
