Grant Amount (USD)	\$ 3.84 million
Project Cost (USD)	\$ 4.31 million

Project Description

According to the CDB, the project will enhance the resilience of the electricity system, which will provide more inclusive access to modern electricity services in Barbuda.

The purpose for which the Grant is being made is to assist the Beneficiary in financing the enhancement of:

1. the resilience of the electricity distribution network;
2. the supply of electricity to key public buildings in Barbuda; and
3. the level of access of Barbudans to modern electricity services.

Investment Description

- Caribbean Development Bank (CDB)
