<b>Investment Amount (USD)</b>	\$ 6.00 million
<b>Loan Amount (USD)</b>	\$ 6.00 million
<b>Project Cost (USD)</b>	\$ 9.25 million

---

## Project Description

The Project is expected to have a positive developmental impact in Africa through the installation of off-grid, solar power generating assets for commercial and industrial businesses. Economic growth in the region is constrained by inadequate power infrastructure, resulting in load shedding, blackouts, and a reliance on fossil-fueled, private generators.

## Investment Description

- US International Development Finance Corporation (DFC)
