Project Description

According to DFC, the proposed project will support the expansion of Akme's lending activities to micro, small and medium enterprises ("MSMEs"), addressing significant unmet demand for capital among MSMEs in rural India.

The IFC estimates a total SME credit gap of over \$224 billion. These challenges are magnified in India's lowincome states, including Rajasthan, where an estimated two-thirds of unmet financing demand resides. The Project is expected to support an estimated 17,500 SME loans, 88 percent of which reside in rural areas. Additionally, AFIL seeks to expand its loan portfolio to women SMEs, and will allocate 13 percent of the Project to women SMEs and introduce new loan products specifically designed for their needs.
