Project Description

According to DFC, this project is expected to have a high developmental impact by expanding the credit availability for SMEs in India. SMEs contribute 45% of the GDP and represent the second largest employer in India after the agriculture sector. Despite their significance, SMEs are constrained by accessing finance and face a formal financing gap of approximately \$224 billion. Recognizing the importance of SMEs to the country's economic growth, the Reserve Bank of India considers financing SMEs a priority sector. The Project will help to address the financing gap by providing credit to an estimated 700 SMEs, including 250 women-owned SMEs. The Project aligns with U.N. Sustainable Development Goal 8 (Decent Work & Economic Growth), and 10 (Reduced Inequalities)
