Project Description

An up to \$150 million direct loan to raise long-term U.S. dollar funding through a diversified payment rights securitization. Loan proceeds will be used by Banco Pichincha, C.A. for the expansion of the bank's women-led, owned, and supported micro, small and medium-sized enterprise loan portfolio in Ecuador.

The Project is expected to have a highly developmental impact in Ecuador through providing long-term funding to a major bank for on-lending to micro, small, and medium enterprises (MSMEs) all of which are women-owned or women-led or qualify under women-supporting criteria. The Project will support these MSMEs at a critical period, with Ecuador's 2020 real GDP forecast to decline 6.3 percent according to the International Monetary Fund, the country's worst performance in over 40 years if realized. As of 2018, the International Finance Corporation reported Ecuador's MSME financing gap at \$17.9 billion (18 percent of GDP), with women-owned and women-led MSMEs accounting for approximately \$1.5 billion of the total. The bank supported by the Project is SMART Campaign certified, maintains annual community investments of over \$1 million, and provides employee benefits including funding the majority of family medical insurance premiums.
