## Project Description

### Project Description

Latin America middle-income housing fund.

### Selection Process

In the Fall of 2016, OPIC launched a Call for Proposals that operates on a rolling basis (the “Quarterly Call”). The purpose of the Quarterly Call is to identify, select and finance suitable investment funds to facilitate the investment of risk capital into companies or projects within OPIC-eligible countries to support development of new businesses, existing company expansion, restructuring, and/or privatization. The evaluation criteria used to select funds are posted on OPIC’s website, and OPIC has been guided in its selection process by its current policy priorities as well as its asset allocation and portfolio strategy. The Fund was selected by OPIC’s Evaluation Committee from among 7 respondents to Cohort 7 of the Quarterly Call. The selection of the Fund was done with the assistance of independent investment consultant Meketa Investments Group.
