According to the DFC webpage, this investment will support loans to financial intermediaries that will lend to MSMEs in 55 different countries where FMO and DFC operate.

According to the SME Finance Forum, the MSME financing gap in these markets is estimated to be in excess of \$691 billion, of which \$531 billion is comprised of the SME gap. Collectively the 55 countries where borrowers of the Facility lend are classified on average as lower-middle income. In addition, half of the loans from the Facility are expected to support lending to women MSMEs, for which the financing gap in these same markets is estimated to be \$73 billion.
