According to the DFC, the project consists of a DFC risk participation guaranty of 50% of IFC's repayment risk for guaranties of approved Ukrainian banks' trade-related finance payment obligations under the IFC's Global Trade Finance Program.

The DFC risk participation guaranty up to \$50 million will cover the IFC's GTFP guaranties issued during an initial five-year term with two, one-year extensions (at the option of DFC). The maximum tenor of a covered IFC guaranty is one year.

The Project is expected to have a positive development impact in Ukraine by supporting both exports and the country's growing demand for economy-sustaining imports, including energy inputs for power generation, medical supplies/equipment, foodstuffs, fertilizers, agricultural machinery, and other critical goods.
