## Project Description

According to the Bank's website, the project consists of a \$ 10 million DFC loan to complement a \$20 million bond issuance (to attract private sector investors) to provide liquidity to micro, small, and medium enterprises (MSMEs) through lending to financial intermediaries in South and Southeast Asia. 30% of the MSMEs will be 2X qualifying borrowers.

The Project is expected to have a positive development impact in India, Vietnam, Cambodia, Indonesia, and the Philippines by providing loans to micro, medium, and small enterprises (MSMEs) as well as to lowincome individuals. MSMEs – and in particular women-owned and -led MSMEs -- in these countries face financing constraints due to a lack of collateral availability and formal credit history, leading to significant financing gaps across South and Southeast Asia.
