CECA SL Generation Limit

Quick Facts

Countries	Sierra Leone
Specific Location	Freetown
Financial Institutions	US International Development Finance Corporation (DFC)
Status	Proposed
Bank Risk Rating	A
Borrower	Milele Power Limited
Sectors	Energy

Project Description

According o bank documens, the Project involves the construction and operation of a thermal power plant with a gross capacity to generate 89.5 megawatts of electricity (MWe). The CECA SL Generation Limited power plant will be located near the Kissy Dock which is 4 kms from the center of Freetown in Sierra Leone. The thermal power plant consists of two combustion turbines and one steam turbine. The CECA SL Generation Limited thermal power plant will connect to the existing transmission line at the Project site, which is connected to the local electricity grid. The main fuel for the power plant will be liquefied petroleum gas (LPG), which will be delivered by ship to the nearby jetty and will require a connecting pipeline of less than 1,300 meters in length. Diesel will be used as back-up fuel. The power plant is expected to convert to natural gas in the future. Desalinated water will be used for cooling, steam generation, and other uses at the plant. The Project site is located on an industrial plot which has a few residential, commercial, and industrial neighborhoods in its immediate vicinity.

ACCESS TO INFORMATION

Unlike many other development finance institutions, DFC does not currently have an access to information policy.

Under the United States Freedom of Information Act (FOIA), DFC is obliged to respond to reasonably formulated requests for Agency records. However, DFC may apply exemptions from release to certain types of information and may charge fees in responding to requests. DFC has a designated FOIA officer who is trained in how to respond to requests and implement the law. You can learn more about filing a FOIA request at: https://www.dfc.gov/foia

ACCOUNTABILITY MECHANISM OF THE UNITED STATES INTERNATIONAL DEVELOPMENT FINANCE CORPORATION (DFC)

The Office of Accountability is an independent office that addresses complaints about environmental or social issues related to DFC-supported projects. The office provides communities an opportunity to have concerns independently reviewed and addressed. If you submit a complaint to the Office of Accountability, it may assist you by either seeking to address your problems by facilitating a problem solving dialogue between you and those implementing the project and/or investigating whether the DFC complied with its policies to prevent environmental, social, human rights, and labor harms.

You can find more information about the Office of Accountability at: https://www.dfc.gov/who-we-are/office-accountability
