Project Description

As stated by the DFC, the proposed project involves the development and operation of nine greenfield wind power plants in Western Turkey with an installed capacity of approximately 750 MW. The nine power plants will be located in the Canakkale, Balikesir and Aydin provinces in the Aegean Region. The power plants will each range from 6 to 60 wind turbines with a total of 181 turbines, with a height ranging from 81m to 111m. Power will be exported to local transfer substations to connect to the national grid via overhead lines, with an approximate total length of 240 km. The project is expected to produce approximately 2,532 GWh per year.

Early Warning System Project Analysis

As stated by the DFC, none of the sites are located in any legally protected areas according to Turkish or international legislation. However, five of the sites are located within or near Key Biodiversity Areas: Biga Mountains, Çanakkale Strait, Kaz Mountains, Büyük Menderes Delta, Akdag – Denizli, Boz Mountains, çük Menderes Delta, Mahal Hills, and Lake Bafa.

ACCESS TO INFORMATION

Unlike many other development finance institutions, DFC does not currently have an access to information policy.

Under the United States Freedom of Information Act (FOIA), DFC is obliged to respond to reasonably formulated requests for Agency records. However, DFC may apply exemptions from release to certain types of information and may charge fees in responding to requests. DFC has a designated FOIA officer who is trained in how to respond to requests and implement the law. You can learn more about filing a FOIA request at: <https://www.dfc.gov/foia>

ACCOUNTABILITY MECHANISM OF THE UNITED STATES INTERNATIONAL DEVELOPMENT FINANCE CORPORATION (DFC)

The Office of Accountability is an independent office that addresses complaints about environmental or social issues related to DFC-supported projects. The office provides communities an opportunity to have concerns independently reviewed and addressed. If you submit a complaint to the Office of Accountability, it may assist you by either seeking to address your problems by facilitating a problem solving dialogue between you and those implementing the project and/or investigating whether the DFC complied with its policies to prevent environmental, social, human rights, and labor harms.

You can find more information about the Office of Accountability at: <https://www.dfc.gov/who-we-are/office-accountability>
