Financial Institutions	US International Development Finance Corporation (DFC)
Status	Proposed
Bank Risk Rating	A
Borrower	Actis Energy 4 Fund
Sectors	Energy

Project Description

The Project involves the construction and operation of a 120 mega Watts (MW) thermal power plant that is located in the Commune of Malicounda of the Mbour Department in Senegal. The Project consists of the installation of seven combustion engines of 18 MW each, a steam turbine, and a short transmission line of approximately 200 meters in length connecting the power generation units to an existing substation. The main fuel for the entire power plant will be heavy fuel oil. The power plant site is located near the village of Malicounda Wolof in an area comprising of a mix of agricultural fields and empty, uninhabited residential plots. Water will be used for cooling, steam generation, and other uses at the plant. The thermal power plant will be located on a 18-hectare plot of land. The construction period is estimated to last 22 months with peak construction requiring about 400 workers.

Contact Information

ACCESS TO INFORMATION

Unlike many other development finance institutions, DFC does not currently have an access to information policy.

Under the United States Freedom of Information Act (FOIA), DFC is obliged to respond to reasonably formulated requests for Agency records. However, DFC may apply exemptions from release to certain types of information and may charge fees in responding to requests. DFC has a designated FOIA officer who is trained in how to respond to requests and implement the law. You can learn more about filing a FOIA request at: <https://www.dfc.gov/foia>

ACCOUNTABILITY MECHANISM OF THE UNITED STATES INTERNATIONAL DEVELOPMENT FINANCE CORPORATION (DFC)

The Office of Accountability is an independent office that addresses complaints about environmental or social issues related to DFC-supported projects. The office provides communities an opportunity to have concerns independently reviewed and addressed. If you submit a complaint to the Office of Accountability, it may assist you by either seeking to address your problems by facilitating a problem solving dialogue between you and those implementing the project and/or investigating whether the DFC complied with its policies to prevent environmental, social, human rights, and labor harms.

You can find more information about the Office of Accountability at: <https://www.dfc.gov/who-we-are/office-accountability>
