Borrower	Mytrah Vayu Pvt Ltd
Sectors	Construction, Energy
Investment Type(s)	Loan
Investment Amount (USD)	$ 225.00 million
Project Cost (USD)	$ 299.00 million

Project Description

According to the Agency's document, this project finances the development, construction and operation of a 252 megawatt wind farm in Tamil Nadu, India.

According to the Agency, the major environmental and social concerns related to the Project include potential impacts on resident and migrating birds and bats, particularly given its proximity to an Important Bird Area, potential impacts from noise and shadow flicker, impacts to community health and safety resulting from increased traffic, and the need for a robust environmental and social management system with appropriate organizational capacity given the ambitious timeline for construction.
