DFC-TULUMOYE

Tulu Moye Geothermal Pow

Quick Facts

Countries	Ethiopia
Financial Institutions	US International Development Finance Corporation (DFC)
Status	Proposed
Bank Risk Rating	U
Voting Date	2020-03-31
Borrower	Meridiam Infrastructure Africa Fund
Sectors	Energy

Project Description

The proposed Project involves the design, construction, operation and maintenance of a 150 MW geothermal power plant. The Project will be implemented in two phases with a first phase of 50 MW capacity, followed by 100 MW developed over a period of five years. The proposed DFC-supported Project will cover phase 1 only. The exact locations of wells, additional well pads, pipelines and the power plant will be confirmed in the detailed design phase of the Project, following exploration drilling. In addition to the power plant, the Project will include exploration and production drilling, establishment of well pads, access roads, water supply, quarries and a collection pipeline system. The Project will also require construction of a transmission line to connect the Project with the national grid; the design and route alignment of the transmission line are currently being finalized by Ethiopia Electric Power (EEP).

Investment Description

- US International Development Finance Corporation (DFC)

Contact Information

No contact information provided at the time of disclosure

ACCESS TO INFORMATION

Unlike many other development finance institutions, DFC does not currently have an access to information policy.

Under the United States Freedom of Information Act (FOIA), DFC is obliged to respond to reasonably formulated requests for Agency records. However, DFC may apply exemptions from release to certain types of information and may charge fees in responding to requests. DFC has a designated FOIA officer who is trained in how to respond to requests and implement the law. You can learn more about filing a FOIA request at: https://www.dfc.gov/foia

ACCOUNTABILITY MECHANISM OF THE UNITED STATES INTERNATIONAL DEVELOPMENT FINANCE CORPORATION (DFC)

The Office of Accountability is an independent office that addresses complaints about environmental or social issues related to DFC-supported projects. The office provides communities an opportunity to have concerns independently reviewed and addressed. If you submit a complaint to the Office of Accountability, it may assist you by either seeking to address your problems by facilitating a problem solving dialogue between you and those implementing the project and/or investigating whether the DFC complied with its policies to prevent environmental, social, human rights, and labor harms.

You can find more information about the Office of Accountability at: https://www.dfc.gov/who-we-are/office-accountability
