Investment Type(s)	Loan
Investment Amount (USD)	\$ 14.60 million
Project Cost (USD)	\$ 15.40 million

Project Description

According to bank documents, "This Project is expected to have a highly developmental impact by expanding the availability of credit for SMEs in India. SMEs contribute 45% of GDP and represent the second largest employer in India after the agriculture sector. Despite their significance, SMEs are constrained by accessing finance and face a formal financing gap of approximately \$224 billion. Recognizing the importance of SMEs to the country's economic growth, the Reserve Bank of India considers financing SMEs a priority sector. The Project will help to address the financing gap by providing credit to an estimated 700 SMEs, including 250 women owned SMEs.
