Status	Approved
Bank Risk Rating	A
Voting Date	2017-12-14
Borrower	EuroCape Ukraine I LLC
Sectors	Construction, Energy
Investment Type(s)	Loan
Investment Amount (USD)	$ 150.00 million

Project Description

According to the Agency's document, this project finances the development, construction and operation of the first 225 megawatt phase of a planned 500 megawatt wind farm in Ukraine.

The major environmental and social concerns related to the Project include potential impacts on resident and migrating birds and bats, potential impacts from noise and shadow flicker, impacts to community health and safety resulting from increased traffic and influx of non-local workers, and the need for a robust environmental and social management system with appropriate organizational capacity given the ambitious timeline for construction.
