Enhancing Public-Private Dialogue in Montenegro: EBRD Support to the Competitiveness Council

Project Description

The Competitiveness Council brings together representatives from the private sector and government to discuss and agree on the economic and structural reform priorities that matter to both policymakers and the private sector. CC is seen as the leading platform for: a) the Government's engagement with the business community; b) initiating and monitoring the implementation of priority reform measures oriented to inclusive and sustainable investment climate development; c) advising the Government on structural reforms plan for the country's competitiveness enhancement. The CC has been contributing to restoring confidence in the economy for investors, strengthening the business environment, and addressing medium and longer-term challenges faced by businesses as a result of the pandemic.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
