Project Description

According to EBRD website, the project aims to ensure more efficient cross-minister coordination and implementation of the committed transport projects. The outcome of this Assignment is expected to be an acceleration of implementation of the transport projects and a significant decrease of the undisbursed loans' amount. This Project consists of a comprehensive package of technical assistance to support Moldovan authorities in developing and strengthening the overall regulatory and institutional framework necessary for the successful implementation of the competitive procurement of renewable energy. The project also includes support to the relevant institutions for the implementation of RE auctions.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
