Project Description

According to the Bank's website, this project provides technical assistance to support a pipeline of potential projects in the European Union, in the field of urban regeneration to reduce locked-in emissions from cities and by upgrading buildings. The two focus areas identified are:

- Brownfield Urban Regeneration Masterplan Support Services
- Asset Strategy / Building Energy Support Services

The EBRD will be receiving these services.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

Contact Information

No project-specific contact information available at time of writing.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
