Project Description

According to the bank website, EBRD Green Cities intends to add additional technical assistance support titled Rapid Infrastructure Resilience Appraisal & Action Plan ('RIRAP') to offer a)help to the affected cities in Ukraine and neighbouring countries respond to the stress on infrastructure and services from the increase in population; (b)identify urgent and emerging needs for liquidity support; and c)help cities in Ukraine rebuild national and municipal infrastructure; whilst accelerating green transition.

The first stage of the Product will address a) and b) above, only. Item c) will be actioned once the Bank's response to the fast moving situation in Ukraine is clear.

In addition, the RIRAP will also assist cities to consider how to create added resilience and adaptation in city infrastructure to support needs in the medium to long-term recognising the uncertainty of displaced people's movements. The intent is to strengthen existing services to safeguard livelihoods whilst assuring green and sustainable infrastructure provision.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
