Project Description

According to the Bank's website, the objective of the project is to support the Government of Moldova to prioritise, develop, adopt and implement policy reforms in the energy and infrastructure sectors, public property management, and strategic planning and coordination with the Cabinet of the Prime Minister.

The experts will provide strategic advisory and implementation support on energy sector and SOE reform projects, including successful implementation of conditions for EBRD loan disbursements. The experts will also help enhance stakeholders' knowledge and awareness of EU and Moldovan energy and transport sector policies and legislation, as well as provide day-to-day operational support to the Ministry/Agency on areas of priority for EBRD and the government, most notably, in the transport and energy sectors and in reforming state-owned enterprises.

TC 1: A team of four experts will be embedded in the State Chancellery focusing on Legal aspect of the policy, energy and transport, state property management, and institutional transformation/deregulation and will have a coordinative role focused on areas of priority for EBRD (energy security and market reform; SoE reform; institutional capacity building) and its specific transaction-linked policy dialogue objectives.

TC 2: The RSTs will comprise of 8 experts embedded in the Ministry of Infrastructure and Regional Development focusing on energy (heating, electricity, gas, energy efficiency/RE) and transport (railways, roads, ports, financial modelling). The Experts will provide policy advice and implementation support to the MoIRD and the State Chancellery of the Government and Prime Minister's Office on the implementation of key energy and transport sector reforms and support at securing the achievement of the National Energy Action Plan.

TC 3: A team of 8 experts will be embedded in Agency for Public Property (APA) with the objective to support the Government to prioritise, develop, adopt and implement its reforms in the state property management sector concerning state-owned assets and enterprises, as identified in the National Development strategy "Moldova 2030". The Experts will support the Agency for Public Property (APP) in the drafting of new laws on state property management, as well as supporting efforts to evaluate and optimise SOE property management through the implementation of necessary corporate norms to help enhance competitiveness in the economy.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:
