HCII Grant Programme Development Support: Solutions Mapping Study
and Technical Visit to Taipei

Quick Facts

Countries	Ukraine
Financial Institutions	European Bank for Reconstruction and Development (EBRD)
Status	Approved
Bank Risk Rating	U
Sectors	Finance, Technical Cooperation
Investment Type(s)	Advisory Services

Project Description

As stated by the EBRD, Russia's war of aggression continues to imperil Ukraine's population and diminish its labour market. Human capital recovery remains a defining priority for EBRD's work in Ukraine, embedded in >77% of investments signed since early-2022, as an inalienable factor for the country's ongoing wartime crisis response and eventual full-scale recovery. The TC will allow us to develop the HCII Grant Programme further by strengthening its relevance and ongoing engagement for EBRD client companies via:

- a) Solutions mapping study:** Broadening understanding of cutting-edge solutions to client companies' most common human capital challenges. The findings will directly benefit existing and new beneficiaries under the Programme by illuminating the most suitable, cutting-edge solutions supportable under the Programme.
- b) Technical visit to Taipei:** Enabling a delegation of EBRD client beneficiaries of the Programme to experience smart and inclusive solutions in Taiwan's advanced economic context first-hand; foster peer-to-peer exchanges and community-building; and promote new EBRD investments aligned with HCII Programme components

Beyond the timely advisory / capacity building / consultancy support delivered under EBRD's 'Human Capital Response for Ukraine' TC Programme (TCRS 17775), the Bank recently piloted grant co-financing opportunity under the new Human Capital Investment Incentive (HCII) Grant Programme (TCRS 20358), helping to address client companies' more tangible workforce-related needs (e.g. for construction of in-house training facilities; workplace accessibility improvements; technological upgrades enhancing labour productivity...).

Investment Description

- European Bank for Reconstruction and Development (EBRD)

Information on the investment amount not provided at the time of disclosure.

Contact Information

No project contact details provided at the time of disclosure.

ACCESS TO INFORMATION

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:

http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
