

 Early Warning System

EBRD-23278

Associate - Green Partnerships - CANP and HIPCA

Quick Facts

Financial Institutions	European Bank for Reconstruction and Development (EBRD)
Status	Approved
Bank Risk Rating	U
Borrower	Regional
Sectors	Climate and Environment, Technical Cooperation
Investment Type(s)	Grant

Project Description

According to the Bank's website, the CANP was launched in 2025, in partnership between Germany and the EBRD, following a Joint Declaration by the Heads of State of Central Asia and Germany. The CANP aims to address regional environmental and climate challenges, elevate ambition in water investments and promote nature-positive business strategies. The CANP proposes to use a range of concessional finance instruments to create replicable demonstration projects that reduce nature loss, enhanced biodiversity and increase climate resilience across distinct natural ecosystems.

In parallel, HIPCA, currently supported by Austria, Canada, Finland, Germany, the Netherlands, Norway, South Korea, Spain, Switzerland, TaiwanICDF, the UK and the United States, has also developed a natural capital programme.

These partnerships are reflective of the broader ambition of the Bank. Under its Strategic and Capital Framework (SCF) 2026-30, the EBRD has set an ambitious target to maintain a green finance ratio of over 50% of the Bank's annual investments. Using donor finance in a disciplined manner is an integral part of the Bank's business model and will be a key enabler to achieve these strategic goals.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

Investment amount not available at the time of disclosure.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:

http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
