## Project Description

The EBRD is financing the infrastructure of an integrated health campus, a public private project (PPP), in the province of Gaziantep, Turkey pursuant to a 28 years concession awarded by Turkey's Ministry of Health. The project will include the design, construction equipment and maintenance of the health campus. Under this PPP structure, the Concessionaire will supply and maintain the hospital facilities, while the provision of medical care and services will remain the responsibility of the Ministry of Health. Total Project Costs are estimated at ca. EUR 600 million.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form, [http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en). You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
