Project Description

This project finances the expansion of wastewater treatment services in Ulaanbaatar. The funding will be used to construct wastewater treatment plants and build a network in a new industrial development area of the city.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

This project provides a loan to the City of Ulaanbaatar, which will then provide a follow-up loan to the Ulaanbaatar Water and Wastewater Authority, a municipally-owned water utility.

This loan is expected to be co-financed with another international financial organization for a loan of up to EUR 10 million. Additionally, the EBRD will seek an investment grant from an international donor of EUR 2 million to complete the financing package for the project.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
