Project Description

According to EBRD website, the project comprises a sub-sovereign loan of up to EUR 10.5 million to Regia Autosalubritate, a municipal solid waste management company. The proceeds of the loans and grant will finance a priority investment programme in solid waste management, including: i) the closure of the existing dump site in Ciocana; ii) the re-opening and upgrading of the currently non-operational landfill site to EU compliance, including associated infrastructure (leachate treatment plant, landfill gas collection, access road); iii) the rehabilitation of the existing waste collection and transportation; and iv) the upgrade of the transfer station and introduction of a waste sorting line.

It aims to contribute to an improved level of solid waste services and overall improved environmental situation in Chisinau. Further, the technical cooperation involves feasibility study, Environmental and Social Impact Assessment, Project Implementation Support and Corporate Development and Stakeholder Participation Programme.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
