Project Description

This project finances capital investments in two broiler poultry production companies aimed at the modernization of its facilities, including the construction of a modern waste water treatment facility and animal waste recycling.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

This project includes a long-term loan of up to € 25 million to Servolux CJSC and OJSC Smolevichi Broiler Factory, broiler poultry production facilities located in Minsk and Mogilev regions correspondingly. These two companies are joint stock companies incorporated in the Republic of Belarus, and are subsidiaries of Belarusian VServolux Group, leading private branded poultry producer and animal feed producer also engaged in meat processing, dairy products manufacturing and food retail trade in Belarus.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
