Investment Type(s)	Loan
Investment Amount (USD)	$ 4.53 million
Loan Amount (USD)	$ 4.53 million
Project Cost (USD)	$ 9.21 million

Project Description

According to EBRD website, the proceeds of the sovereign loan will be on-lent to the City of Jalal-Abad for the benefit of the municipal water and wastewater company Vodokanal and be used to finance further critical water and wastewater investments in the City including the rehabilitation of water and wastewater networks, metering, the construction of a new waste water treatment plat (WWTP) and the procurement of laboratory equipment. Further, it aims to:

1. Rehabilitate the water supply and wastewater infrastructure in the city and;

2. Improve the company's financial and operational management

Investment Description

- European Bank for Reconstruction and Development (EBRD)

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
