Project Description

This project finances an extension to an existing public-private-partnership (PPP) framework to prepare and deliver a large-scale hospital facilities management program, covering up to 60 facilities across Turkey.

Sub-projects under this framework have included the Adana Hospital, Ankara Etlik Hospital, and Konya Hospital.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

The extension will be available for the private sector concessionaires established with the sole purpose of running the respective sub-projects. The shareholders of the concessionaires will be major companies with significant experience in building, operating and running infrastructure projects as well as a strong understanding of the Turkish market.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
