Status	Approved
Bank Risk Rating	A
Voting Date	2015-04-08
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 647.06 million
Loan Amount (USD)	\$ 647.06 million
Project Cost (USD)	\$ 647.06 million

### Project Description

According to EBRD website, in January 2018 the EBRD Board will consider a renewal of the EUR 600 million annual headroom for the Direct Finance Framework (DFF) Non-SME corporate facility. The majority of investments under this framework, for which approval had been delegated from the EBRD Board to EBRD management, are projects in industry, commerce and agribusiness.

The framework provides the EBRD with an integrated instrument covering all its countries of operations to meet the growing business needs of local small and medium-sized enterprises currently not sufficiently supported by other financing sources. The Bank's proceeds are used for financing acquisitions, expansion and/or modernisation investments, efficiency improvements as well as working capital.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form, [http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en). You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
