Turkish

PROJECT DESCRIPTION

The EBRD is considering providing a senior loan of up to USD 21 million to Tersan Tersanecilik Tasimacilik Sanayi ve Ticaret A.S. to finance the construction of a new floating dock for servicing, repairing and maintaining commercial maritime vessels near Istanbul, Turkey. Total project costs are estimated at USD 30 million.

PROJECT OBJECTIVES

The primary purpose of the project is the strengthening of Tersan's competitive position in the maritime vessel maintenance industry in Turkey along with sectoral expansion. Tersan will replace an existing leased dock with the planned investment. Construction of the floating dock will enable Tersan to increase its capacity and achieve international best practice for operation of such facilities.

TRANSITION IMPACT

The Project will build on the transition impact through:

CLIENT INFORMATION

TERSAN TERSANECILIK TASIMACILIK SANAYI VE TICARET A.S

EBRD FINANCE SUMMARY

USD 21,000,000.00

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
