---

## Project Description

According to EBRD website, the project will provide a bond-loan of up to EUR 14 million to refinance the loan of Hellas Smarticket S.A., and transform sponsor guaranteed debt into non-recourse project financing. Hellas Smarticket S.A Project is an e-ticketing project that consists in building, operating, and maintaining the integrated automatic fare collection system for the companies of Athens Urban Transportation Organisation in the city of Athens, under a PPP scheme. The EBRD will co-finance alongside a commercial lender.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form, [http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en). You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
