| **Investment Amount (USD)** | $ 53.47 million |
| **Loan Amount (USD)** | $ 53.47 million |
| **Project Cost (USD)** | $ 66.84 million |

## Project Description

According to EBRD website, the funding from EBRD will be used to finance investments into the expansion of wooden multi-layer floorboard production capacities and resource efficiency impovements that will promote a low carbon economy. The main source of transition impact is expected to be derived from setting standards for corporate governance and business conduct in resource efficiency through Green Economy Transition (GET) investments as well as the demonstration of new replicable behaviour and activities to other market participants through the activation of a biomass-fuelled power plant.

## Investment Description

- European Bank for Reconstruction and Development (EBRD)

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
