---

## Project Description

This project provides financing to a special purpose vehicle, fully owned by Alcazar Energy Partners, to develop a 55MW wind farm, the Mersinli WPP, in Izmir, Western Turkey.

---

## Investment Description

- European Bank for Reconstruction and Development (EBRD)

---

### Private Actors Description

Yander Elektrik Muhendislik Musavirlik Insaat Turizm Ve Ticaret A.S. is a special purpose vehicle established to develop the Mersinli WPP.

Alcazar Energy, the 100 per cent owner of the Mersinli WPP, is a Dubai-based independent developer and power producer focused on renewable energy generation in the broader Middle East, Turkey and Africa. It is owned, among others, by IFC, IFC Catalyst Fund, Mubadala Infrastructure Partners, Blu Stone Management and DASH Ventures.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form, [http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en). You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
