Project Description

According to the Bank's website, this project finances the construction of a 75km detour of the existing section of M41 road between the towns of Obigarm and Nurobod. The M41 is Tajikistan's primary East-West road, which connects Dushanbe with the border to Kyrgyz Republic and onwards to Kazakhstan and China.

It is expected that 157 households will be affected by land acquisition or economic displacement across the whole alignment. A Stakeholder Engagement Plan has been prepared but is not on the project disclosure web-page.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
