## Project Description

According to EBRD website, EBRD has acquired a 19% stake in Piraeus Bank Romania (PBR) from Piraeus Group (Greece), alongside J.C. Flowers (JCF), a private equity fund, and PBR management. The EBRD and JCF own shares in a Luxembourg investment vehicle that in turn owns 95.1% of the share capital of PBR, while bank management owns the remaining 4.9%. This will provide financial resources and restructuring expertise needed to expand PBR's operations and market share. The change of ownership will also help strengthen the fragmented Romanian financial sector.

Further, the project's transition impact will be derived from demonstration of successful turnaround, providing the financial resources to strengthen PBR's core banking operations and expand its market share in the country.
