Project Description

Under this project EBRD provides loan to government of Kazakhstan for the modernisation of the solid waste management (SWM) system in the city of Semey.

It will include:

(i) the construction of an EU standards compliant sanitary landfill

(ii) the construction of a modern integrated mechanical and biological solid waste treatment facility (MBT) at the new sanitary landfill site;

(iii) the rehabilitation of the waste collection points in Semey and (iv) the closure and remediation of the existing landfill.

PROJECT OBJECTIVES

The project will reduce Green House Gas emissions, increase waste recycling and recovery rates and improve environmental, health and safety standards. It will support the commercialisation, sustainability and better quality of SWM services.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
