

EBRD-50642

Kyrgyz Water Resilience Framework

Quick Facts

Countries	Kyrgyzstan
Financial Institutions	European Bank for Reconstruction and Development (EBRD)
Status	Approved
Bank Risk Rating	U
Voting Date	2020-07-23
Borrower	Government of Kyrgyzstan
Sectors	Infrastructure, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 46.38 million
Loan Amount (USD)	\$ 46.38 million
Project Cost (USD)	\$ 46.38 million

Project Description

As stated by the EBRD, the project consists of the provision of sovereign loans for an aggregate amount of up to €40 million to be co-financed with capital expenditure grants from international or bilateral donors for water and wastewater investments mainly in small municipalities in the Kyrgyz Republic. The proposed Kyrgyz Water Resilience Framework ("KWSF") will continue the Bank's work under the Kyrgyz Republic Water and Wastewater Framework and its extensions, approved in 2011 and 2015.

The KWRF will address medium term impacts of the COVID-19 crisis by focussing on a more secure water supply service, mainly through increasing system resilience to provide more continuous water services and to better cope with increases/changes in demand for drinking and healthcare purposes; and increasing direct access to higher quality water which could improve hygiene and decrease the chance of infection.

The KWRF will streamline the Bank's institutional reform and implementation support through the State Agency of Water Resources. Commercialisation of respective utility companies will continue to be supported through tailored Corporate Development Programmes.

Early Warning System Project Analysis

The EBRD did not assign a risk category to the project because it consists of a framework loan with different sub-projects.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:
http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
