Investment Type(s)	Loan
Investment Amount (USD)	\$ 14.69 million
Loan Amount (USD)	\$ 14.69 million
Project Cost (USD)	\$ 16.27 million

Project Description

According to EBRD website, the project aims to finance the improvement and modernisation of the existing toll system on Corridor VIII as well as the installation of new electronic toll stations on new highway sections that are being built in FYR Macedonia. It is a follow-on operation of the previous Bank's project for the construction and upgrade of eight toll stations along Corridor X, including installation of electronic toll collection ("ETC") equipment that is currently under implementation.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
