Project Description

Under this project-EBRD provides loan of US\$25 million for financial support of the construction and operation of a pilot solar auction project of 100 MW installed capacity located in Navoi region of Uzbekistan.

PROJECT OBJECTIVES

Nur Navoi project is among first solar projects in Uzbekistan which will pave the way for a pipeline of renewable projects in the country. It will contribute to climate mitigation by adding 100 MW of solar generation capacity to the national energy system and will assist the country in low-carbon transition, reducing its current high reliance on thermal power generation.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.
