## Project Description

According to bank provided information, the project involves the provision of long-term senior debt financing of up to USD 50 million (EUR 42 million equivalent) to finance the construction of a 500 MW wind power plant located in the Gulf of Suez, approximately 40 km North-West of Ras Ghareb in Egypt. The project will be one of the largest privately developed utility scale wind power plants in Egypt and will support the country in increasing its renewable energy capacity.

Through delivery of clean power at one of the most competitive wind tariffs in the region and wider, the project will support Egypt's renewable transition and exploitation of the exceptional wind resources in the Gulf of Suez area.

The Project is expected to further improve the environmental characteristics of Egypt's power sector by reducing emissions of local pollutants and CO<sub>2</sub>, as well as water consumption.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project.

If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:

[http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en)

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
