Amman Bus Project

### Quick Facts

Countries	Jordan
Financial Institutions	European Bank for Reconstruction and Development (EBRD)
Status	Approved
Bank Risk Rating	B
Voting Date	2020-12-15
Borrower	Greater Amman Municipality
Sectors	Transport
Investment Type(s)	Loan
Investment Amount (USD)	\$ 14.54 million
Project Cost (USD)	\$ 24.45 million

---

### Project Description

According to bank provided information, the investment involves the provision of up to JOD 10.3 million (~EUR 12.0 million) unsecured sub-sovereign loan to GAM to finance the acquisition of 136 diesel Euro V buses (including ancillary systems) as part of larger bus fleet expansion involving 151 buses which include 15 electric buses as a pilot rollout of zero-emission public transport vehicles in the city of Amman. The loan will be co-financed by a capex grant of up to EUR 8.0 million from the Community Resilience ("CR") Sub Account of the EBRD's SSF.

The city of Amman with a population of approx. 4.5 million, would like to improve standards of the urban transport system, namely by expanding its bus fleet through the purchase of up to 151 new buses with related bus depot facilities. The proposed new bus fleet will involve 136 diesel Euro V buses (to be financed under the Municipal Refugee Resilience Response ("MR3") framework) and 15 electric buses (to be financed under the Green Cities Framework ("GrCF")). The Project will serve new routes under the bus network plan developed by GAM and will include a ticketing system and real-time information systems compatible with their existing systems. The tender for the Project will be launched in December 2020.

It is intended that the bus fleet will be purchased by GAM and leased to a private sector operator which will be responsible for the depot facilities and warranty and maintenance obligations for the fleet and be paid through a public service contract ("PSC") with Amman Vision for Transport (the municipal company responsible for transport operations) under a gross-cost arrangement.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:

[http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en)

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
